KMH MEDIA PRODUCTION

PANOCEANIC FILMS

Since 2017, members of the Coral Gardeners Association of Moorea mobilize to replant the corals in the seabed of Moorea.

Titouan Bernicot, 21, resident of the sister island of Tahiti. This documentary aims to highlight the actions Coral Gardeners: from the collection of corals broken by humans and boats, to the fixation of these corals on bamboo rods after curation, then to the final reintroduction on living corals reefs, through the awareness of the population, especially young people from France and other countries to French Polynesia, and finally through their various sponsorship programs «Adopt a coral».
